REPORT

DISTINCTIVE CAMPUS FEATURES

CAT LOUNGE

Offering a serene space for rescue or endowed cats to live, the Cat Lounge is also a space for students to study and socialize. Multiple research studies have shown that cats help reduce anxiety, stress and depression.

BEEHIVES

As an affiliate of the Bee Campus USA program, NCWU has created and maintained a pollinator garden for the past several years containing three active beehives. Bishops' Honey can be purchased at ncwustore.com.

DISC GOLF COURSE & WALKING TRAIL

Our 18-hole course, managed by the Bishop Disc Golf Club, is free to play for the community and follows a majority of our walking trail that creates a 5K path around the perimeter of campus. Showing off the beauty of our University, the course mixes the challenges of the sport with a scenic tour of campus.

THE FORTRESS (Esports Room)

The Bishop Gaming Association's state-of-the-art, glass-enclosed Esports gaming room, *The Fortress*, is equipped with some of the best equipment in the gaming industry. The BGA's Elite Team uses this space to compete in leagues or tournaments on a collegiate level.

INDOOR SPORTS & EDUCATION FACILITY

NCWU's air-supported structure is a unique space fostering academic enrichment and enhanced athletic experiences unlike any other in the eastern NC area, featuring indoor tennis, squash courts, golf simulators and more!
