

Master of Science in INFORMATION TECHNOLOGY MANAGEMENT

12-18 MONTH PROGRAM. 8-WEEK TERMS.

Elevate Your Career with Our MS in IT Management

The Master of Science in Information Technology Management program prepares information technology professionals for management and executive-level careers. NCWU's MSITM program is offered online and also in a Executive format, so students working in the IT field have multiple course options. The 30-hour program can be completed in 12-18 months, depending on full-time or part-time study. The program includes courses in IT Security, leadership, IT Risk, databases, and data analytics.

The program emphasizes hands-on learning, real-world applications, and collaborative experiences, fostering an inclusive environment where each student can develop their unique strengths. The program integrates technical skills with ethical practices and social responsibility, preparing graduates to lead with integrity in their professional pursuits.

CONVENIENT

Choose from a 100% online format or an Executive Residency* format. Balance work, home and school with 8-week terms.

FLEXIBLE

Complete your degree at your pace with a full-time or part-time schedule. Featuring multiple start times per year, begin when you are ready.

AFFORDABLE

NC Wesleyan's graduate tuition rates are extremely competitive compared to other graduate schools in the U.S.

PRACTICAL

Our faculty challenges and supports you throughout your coursework, providing hands-on learning experiences that equip you with the knowledge and skills to solve workplace problems and achieve your goals.
