

2025-2026 Student Guide: Financial Aid and Business Office

FINANCIAL AID PROCESS

Steps to Complete the Free Application for Federal Student Aid (FAFSA)

1. **Complete your 2025-2026 FAFSA application on the Federal website at <https://studentaid.gov/h/apply-for-aid/fafsa>.**
 - a. If this is your first time completing a FAFSA application, you will need to first create a FSA ID before completing your application. You can create a FSA ID at <https://studentaid.gov/h/apply-for-aid/fafsa> by clicking on the create account link.
 - b. All required contributors (student, spouse, parents, as applicable) must provide consent and approval to transfer federal tax information (FTI) from the Internal Revenue Service (IRS) to the FAFSA using the FUTURE Act Direct Data Exchange (FA-DDX).
 - c. On the School Selection page, add NC Wesleyan's school code **002951**.
 - d. Once you submit the FAFSA application online it will be sent to the school within 1-2 weeks.

2. **Submit supporting financial aid documents**
 - a. Standard Forms include the Adult Studies Financial Aid Request Form and completion of the Residency Determination Service (RDS) requirement. These forms and instructions are made available online at My.NCWU and at each campus during registration. You may also request from the financial aid office via email at financialaid@ncwu.edu or directly to your financial aid advisor.
 - b. Direct Loans: Entrance Counseling and Master Promissory Note completed at www.studentaid.gov.
 - c. Verification is a process used to verify information on the FAFSA to ensure its accuracy. The US Department of Education selects students for verification and notifies the school. The College is working with Inceptia to help you complete the verification process. **IMPORTANT: Only submit the following documents if requested:**
 1. Verification worksheet
 2. 2023 IRS Tax Return Transcript
 3. Marriage Certificate
 4. Social Security Card
 5. Alien Registration Card
 6. SNAP documentation
 7. Child Support documentation

Financial Aid Award Processing:

1. **Award Letter:** Once the financial aid office has received your Adult Studies Financial Aid Request Form and you have completed a FAFSA, they will create a Financial Aid award package which will be emailed to your school email address. The award letter will outline each semester in the financial aid year (typically three semesters including Fall, Spring & Summer). It will also list the documents received and any that are still missing. **If you have not received a financial aid award letter within two weeks, please contact your financial aid advisor.** The award letter breaks down the aid that you will be receiving each semester by scholarships, grants and loan types.
 - a. If you are missing documents, financial aid will send you reminders, but it is ultimately your responsibility to monitor the process through your student portal and provide missing documents in a timely manner.
 - b. If you wish to deny any of the funds that were offered on your award letter, you can email your financial aid advisor. Please keep a copy for your records.
2. **Pell Grant:** The Pell Grant is awarded up to \$11,092 per year and is based on federal guidelines and the self-reported information from the FAFSA. Enrollment hours and the length of time you have received the grant are also factored into the grant qualification process. **Please note: if eligible you may receive up to 6 years of Pell grant.**

To check your pell limits, please access <https://studentaid.gov/fsa-id/sign-in/landing>.

3. **North Carolina Need Based Scholarship (NCNBS):** This scholarship is available to eligible enrolled students who are legal residents of North Carolina. You must complete the FAFSA and the NC Residency Determination Service (RDS) application at <https://www.ncresidency.org>. Your NC Need Based Scholarship amount is offered on the assumption that you are enrolled at least half-time (equivalent of 6 hours) each semester. The amount awarded is the maximum currently authorized for this status under current NC law. The amount is subject to change based on actions by the NC General Assembly between now and the beginning of the academic year, due to factors including but not limited to change of enrollment, withdrawals, or failing grades. NCWU will not be responsible for making up any mandatory reductions in the program award amounts should the awards be reduced by State action or appropriation levels.

The NCNBS is received from the state after you have completed the Residency Determination and **after the drop period for Session B has ended**. THIS MUST BE COMPLETED WITHIN 30 DAYS FROM THE FIRST DAY OF THE SEMESTER ENROLLED. Once it is received, it will be applied to your account. You may see these funds on your account early in the semester with a (*) because it is part of your overall award package **but it will not actually be applied until early November for fall and early April for spring**. **Please note: if eligible you may receive up to 10 semesters of NCNBS.**

4. **Federal Student Loans:** Loans are awarded based on federal guidelines and self-reported information from the FAFSA. Enrollment hours (must be enrolled in a minimum of 6 semester hours to qualify), dependency status and class standing (freshman, sophomore, etc.) is also factored into the loan qualification process. The maximum amount of loans, if eligible, are as follows:

- | | |
|------------------|----------------|
| a. Freshman | Up to \$9,500 |
| b. Sophomore | Up to \$10,500 |
| c. Junior/Senior | Up to \$12,500 |

Most loans are applied to your account after the drop/add period ends.

The federal government limits the amount of student loans a student is eligible to borrow for both undergraduate and graduate students.

Undergraduate students may borrow up to \$57,500 - no more than \$23,000 of this amount may be in subsidized loans (subsidized loans are based upon need).

Graduate or professional students may borrow up to \$138,500 – this amount includes all federal loans received during a student’s undergraduate studies

To check your loan limits, please access <https://studentaid.gov/fsa-id/sign-in/landing>.

Additional Loan Requests:

To minimize student default rates and encourage responsible borrowing, the Office of Financial Aid will award students, if eligible, financial aid to cover your educational expenses. However, you may request to borrow additional monies for a computer, childcare or medical expenses. Submission of a request does not guarantee an approval. You should meet with your financial aid advisor to review your current financial aid package to calculate your anticipated refund before you request the additional loans.

To Request Additional Monies, follow these steps:

1. Complete the Additional Loan Request Form provided by your financial aid advisor.
2. Submit the required documentation depending on the reason for requesting additional loans (outlined on form).
3. Send form and required documents to your financial aid advisor.
4. The financial aid advisor collects needed supporting documents.
5. The additional loan is then processed within 5-7 business days.

Financial Aid Cycle:

The financial aid award year runs from Fall of one year to Summer of the next (i.e. August 1, 2025 – June 30, 2026). Your award package will reflect this timeframe. Aid (loans and Pell) are typically disbursed 2-3 weeks after classes have started. This would be the mid-September/early October for Fall, the mid-February/early March for Spring, and the first week of June/late July for Summer. The NCNBS (if eligible) will be applied in November for fall and April for spring. **The speed of this cycle depends on how quickly you respond to requests for documents.**

It is important to remember that there are parts of the financial aid process which can delay the time it takes to receive funds, including:

- Selected for verification
- Incorrect self-reported information on the FAFSA
- Incompletion of Entrance Counseling or the Master Promissory Note

Students should take an active role in the financial aid process by monitoring their paperwork, funds and student accounts. It is the student's responsibility to ensure that their financial aid is received and covers the cost of their tuition. You may check your financial aid status at my.ncwc.edu (instructions below).

Checking your Financial Aid Status:

To check your financial aid, follow these steps:

1. Log onto my.ncwu.edu
2. Select the "My Finances" tab at the top of the screen
3. Select Financial Aid
4. View Financial Aid Document Tracking: allows you to check the status of your documents
5. Financial Aid Awards: allows you to see how much and what funds you will be receiving by semester
6. Forms: Access to all financial aid forms and/or instructions.

Business Office (Student Accounts)

When charges appear on account:

Tuition and fee charges appear on the student account at the time of registration. MBS textbook charges are posted monthly. A credit for withdrawing from a class, within the drop period, will be updated to student account within that week. **It is important to contact the financial aid office before you drop a class to see how your awards could be affected.**

Refund Policy:

Financial aid refunds are sent to students whose financial aid exceeds the cost of tuition, books and fees. You must have completed all required forms, have attended class for at least four weeks, and have met all enrollment requirements in order for any available funds to be refunded. You will then receive an email from the Business Office if you are eligible for a refund with instructions on how to receive the refund. **Please be aware that if your enrollment changes causing an adjustment to your financial aid after you have received your refund, this may result in a balance owed to the college that you would be responsible to pay.**

When to Expect your Refund:

When your financial aid awards are received by the Financial Aid Office, they will be posted on your student account viewable through My.NCWU. Posted money that has not been received by the college will be indicated with an asterisk (*). Once the money has been received from the Department of Education, the asterisk will be removed. The Business Office then has a fourteen-day window in which to process the refund for students. **Refunds begin processing the third week of class for students who have submitted all documents and are processed once a week after.** Students may receive multiple refunds during the semester due to the timing of various awards becoming available.

Checking your Student Account Status:

You can access your student account and billing statements through My.NCWU. Bills are not mailed to students. It is the student's responsibility to check their account status:

- Log in to My.NCWU at <http://my.ncwu.edu/ics/>
- At the top of the page, select the "My Finances" tab
- Click on the "Business Office" tab in the left column
- Click on "My Account Info" in the left column.
- Click on "Course and Fee Statement"
- Click on "Generate my Course and Fee Statement"
- Once your Course and Fee Statement generates you can click on "View my Course and Fee Statement" to see your account details.
