

WESWAY DAY SCHEDULE

JULY 14, 21, & AUGUST 4, 2026

WELCOME BISHOPS!

We are excited you have chosen to join us at NC Wesleyan University! Part of your success over the next four years includes building a strong foundation in your first year. The First Year Experience program (FYE) seeks to help you orient to college and set you up for a successful college career. WesWay Days are important because they provide students with opportunities to learn more about their future home, ask questions, and start building relationships with students, faculty, and staff. We hope you enjoy your experience today and leave with some new friends and some questions answered. PowerPoints from today's sessions will be available online:

This is the beginning of your journey!

Welcome to the Bishop family!
- Your Orientation Committee

PEER NAVIGATORS

Your Peer Navigator is one of your first campus connections. They're here to answer questions, share advice, and help you plug into life at Wesleyan — so keep reaching out and engaging with them!
